

## 5th Grade Culture Poster Project

**Assignment:** Create a poster that represents your family's culture. We spent some time in class talking about different aspects of cultures. Everyone's culture is unique in some ways, and similar in others.

**Task:** Use the construction paper to create 5 visuals (pictures, drawings, etc.) and 5 written explanations (10 total boxes) that will teach us about your family's culture.

Use the web diagram below to help guide your ideas. This project **is not** meant to be a report on a country. This poster is due on **MONDAY SEPTEMBER 10, 2018**. We will spend some time in class presenting the posters and discussing more about cultures.
